

Grant Management Software

Built for grant managers.

- ✓ Unlimited grants (no data limits)
- ✓ Unlimited user licenses
- ✓ Unlimited access to all upgrades
- ✓ Unlimited technical support

"BGAPS has enabled me to manage multiple grants, stay on top of quarterly reporting deadlines, and ensure all my documents are secure in one place.

This system is a lifesaver."

- California City Grant Manager (May 2023)

Track and Report

Analyze data and generate reports using the system's report feature.

Alert

Auto-generated email reminders keep you aware of all deadlines.

Comply

Compile all rules and regulations into a compliance checklist.

Audit

Quickly and seamlessly prepare for audits via the Audit tab.

Centralize

Manage, track, and store all documents in one central and safe location.

Memorialize

Record content from important calls, events, and emails by date and name.

Finance

Track budget amendments, reimbursement requests, retainage, and local match.

Manage

Track grant and project schedules in one cloud-based system.
